Judge Supreme Court
North-West Territories.

PRINCE ALBERT EXHIBIT.

The carload of exhibits sent east from this place is already attracting attention. The following good words have already been received:—

A SPLENDID EXHIBIT.

There came down on the Prince Albert branch this morning a carload of exhibits from the Prince Albert, Kinistino and Cumberland districts to be sent East to advertise Saskatchewan. The car contains grains of all kinds in straw and in bulk, roots and vegetables of good size, native fruits, samples of wood (dressed and undressed), photographic views of town, school, land, college and convent students, society officers and farm scenes. Among the latter is a harvesting scene on the farm of Thomas McKay, M.L.A. The collection is highly creditable and cannot fail to attract the attention of intending settlers.—Regina Standard.

SASKATCHEWAN'S SHOW.

PRINCE ALBERT IS SENDING A CAR OF EXCELLENT EXHIBITS TO THE EASTERN EXHIBITIONS.

The Prince Albert exhibition car was attached to the Moosomin local at noon yesterday. The car is in charge of C. R Stovel and was visited by several people who chanced to be at the depot when the express arrived. The display of roots, vegetables, grains, grasses, etc., is as fine as anything that has been seen in Winnipeg and is very tastefully arranged. Grain in the straw, made up in small and fancy sheaves, is tacked up on the sides of the car and tables extending the entire length of the car are loaded down with mammoth garden vegetables, threshed grain, fruits, preserved and otherwise, flowers and all else which goes to make up an ideal farming country. There is a small display of school work in one end of the car, maps, etc., drawn by the public school children and this is surmounted by a beautiful wreath of cut flowers. A space is devoted to the natural woods of the district and several very fine cross sections of spruce and tamarac occupy a conspicious position. Among the exhibits are bundles of native grasses, of which there are forty-nine varieties, form the short succulent bunch grass, to the blue joint, ten feet in length and the wild vetch or pea vine, which measures over twenty feet from root to tip and is the best beef producing fodder that can be produced anywhere. Amongst the grain shown are several bags of No. 1 hard Red Fyfe wheat, which Mr Stovel intends making up into small samples packages and distributing to the agriculturalists in the east. The car was at C.P.R. depot in the afternoon and was sent east by last night's express. The first place it will be exhibited at will be Toronto and all the larger fairs will be taken in. A fresh supply of vegetables will be sent east every week to keep the display up to the mark. Such exhibits as this are bound to do unlimited good for the country and the effect will doubtless be seen next year when the immigration returns are made up.—Winnipeg Free Press

THE SASKATCHEWAN EXHIBIT.

No feature of Canada's Great Fair is more interesting than the display of grain and roots from the Prairie Province. This year the Prince Albert district has sent down a splendid collection of the products of that rich section, and occupy a prominent place in the C.P.R. building. Many people have the idea that Prince Albert is so far north that nothing can be grown there. A visit to their exhibit will dispel the idea, for the grains, grasses, fruits, and vegetables shown would be hard to beat. The Electoral Districts of Cumberland, Kinistino and Prince Albert have united in the exhibit, and certainly ought to reap much benefit therefrom. Blue grass nine feet high; Scotch grass nearly as tall; wheat fully five feet high, and with extra plump berry splendid samples of roots and vegetables; wheat, barley and oats that would gladden the heart of any farmer; fruits and flowers; and last, but by no means least, two specimens of timber from the limits of Moore & McDowall, near Prince Albert—all go to make up an exhibit well worth seeing. Judging from the products, the Prince Albert district must be wonderfully fertile. Mr. C. R. Stovel, Secretary of the Prince Albert Board of Trade, is in charge of the exhibit, and will gladly give information to visitors. Be sure and visit the C.P.R. building.

* * *

The Saskatchewan exhibit in the south west portion of the C. P. R. building was viewed with admiration and amazement by thousands of visitors at the exhibition yesterday. It comprises the products of the three districts of Cumberland, Kinistino and Prince Albert. That a comparatively new country could make such a remarkable showing of its natural products was a matter of surprise to the throngs of people who saw it. Sheaves of grain 4½ to 5 feet in height, and bunches of grass fully 9 feet are artistically arranged about the walls. All kinds of roots and vegetables may be seen on the counters. This exhibit requires to be seen to be appreciated thoroughly. Mr. C. R. Stovel of Prince Albert is in charge, and is indefatigable in his efforts to explain the various exhibits.

* * *

The Canadian Pacific Railway Co. have on exhibition at the grounds of the South Lanark Agricultural Society an exhibit of grains, grasses, lumber, etc., from the district of Saskatchewan and North West Territories. The display of grains and grasses is remarkably fine there being specimens of grain in sheaf 4½ to 6 ft. high while of native grasses, pea vine, etc., some really fine specimens measuring in some instances 19 feet in length are shown. There are pumpkins, squash, etc., pulled on the 26th day of August, which had they attained full growth would have doubtless excelled anything in Canada. Dispersed about the alcove in which the exhibit is situated are photographs of public bodies of the town of Prince Albert and some excellent views of town and farm scenes throughout the district. The electoral district of Kinistino, Prince Albert, Cumberland have with the C. P. R. made a very creditable display of wheat The great Canadian North West has accomplished much in the way of grain growing in the season of 1893, and if there are any in attendance at this Exhibition who have decided upon securing a home or lands in the North West it will pay them to examine closely the exhibit of Saskatchewan at this show. C. R. Stovel Secretary of the Prince Albert Board of Trade represents Saskatchewan, and Mr. B. H. Bennett is in charge of the C. P. R. exhibit, both of whom will be pleased to impart all information concerning the country to enquiries.—Perth Expositor.

SASKATCHEWAN EXHIBIT.

The Globe of the 13th says: The Saskatchewan exhibit continues to attract considerable attention from visitors to the Fair. Thousands of farmers from all over Canada and many parts of the United States viewed the magnificent specimens of grain, grasses, etc., which the enterprise of the districts of Prince Albert, Cumberland and Kinistino has provided to show to the world the marvellous fertility of the great Saskatchewan country. The people of these districts express their gratitude to the C. P. R. Co., and Mr. W. R. Callaway in particular, for the courtesies extended, which have enabled them to make such a creditable display of the country's product at Canada's Greatest Fair.—Globe.

FROM FERTILE PRINCE ALBERT.

The far famed Saskatchewan district is represented at the Central Canada Fair by a fine display of grains, grasses and vegetables, all the products of the present season, showing that this year has been a favorable one for agriculture in that rapidly growing section of the great Northwest. There are in this collection besides the varieties mentioned measuring in the case of grain four and five feet in height with large plump heads fully matured, some really excellent samples of grain, notwithstanding the latter had not attained their full growth were pulled for the purpose of exhibition. Mr. C. R. Stovel, of Prince Albert District is in charge of the exhibit as representative of Saskatchewan, associated associated with Mr. B. H. Bennett, of Toronto, for the C. P. R. The members of the electoral districts of Cumberland, Prince Albert and Kinistino, and the C. P. R. Co., who contributed largely to the expense of making the exhibit, are to be congratulated on the enterprise shown by them. The fruits of such advertising will doubtless be manifest in the near future.—Ottawa Citizen.

PRINCE ALBERT, SEPT. 29. 1893.

THE NEW LIEUTENANT-GOVERNOR.

The Lieutenant-Governorship of the Territories has at last been definitely made known, and the honor of being official representative of Her Majesty in the North West Territories has fallen upon Mr. Charles McIntosh of Ottawa. The TIMES still adheres to the principle that North-West men should fill all Territorial positions. It is a right, due to those who have come here and helped to build up this new country. There are many gentlemen of adility—pioneers in this country—who are worthy and able to fill the highest positions that are at the hands of the Federal Authorities at Ottawa to bestow without going to the east for them. We still maintain that this county should not be made a dumpihg ground for eastern politicians. We have no objection to Mr. McIntosh except on the ground that he is an outsider. We took that ground when the Liberal party brought out the Hon. Mr. Laird in oposition to a resident of this district. The same principle holds good in the appointment of a Lieutenant Governor. Dropping out the question of a resident, no man is more worthy of the honor than Mr. McIntosh. He is an author, a journalist, and for several years a representative in the Federal Parliment as will be seen by the following

BIOGRAPHY.

Charles Herbert Mackintosh, son of Capt. William Mackintosh, of Wicklow Ireland. who came to Canada as an attache of the ordinance of the British army and afterwards county engineer of Middlesex, related to Sir James Mackintosh, the essayist and historian Born in London, Ont., 1843. Educated at Galt grammar school and Caradoc academy. Married April 7, 1868, Gertude, daughter of T. Cooke, Esq., J.P., of Strathroy Wrote "Welcome to H.R.H. the Prince of Wales," (1860) which was presented at the time of his visit to Canada (1862) "Hurry-Graphs" under the nom de plume of Fat Contributor, for the London Free Press, and became city editor of that journal, giving up the study of law. Became city editor of the Hamilton Times in 1863, and in 1865 published the Strathroy dispatch until 1874, when he sold out. Wrote and published (1871) "The Chicago Fire," wrote (1873 "The Financial Panic in U.S., and its Causes." Was managing editor of the Chicago Journal of Commerce, 1873, having taken that position in order to study the protection question. In 1874 became editor of the Ottawa Daily Citizen. Edited Canadian Parliamentary Companion from 1877 to 1882. Published various pamphlets containing protection speeches from 1876 to 1878. Was awarded gold and silver medal (1875) for prize poems at the O'Connell Centennial. Founded Parkhill Gazette in 1871. Member Strathroy town council in 1873. An unsuccesful candidate for North Middlesex in legislative assembly, Ontario, in 1871. Mayor of Ottawa 1879-80-81, when unseated on a technicality, and re-elected. Life member of the Institute Canadien; life member of Protestant hospital. President of the Citizen Printing and Publishing company; president Ottawa Snowshoe club, 1880-81 vice-president Ottawa Turf Club and Ottawa Rowing Club; was chairman of Dominion Exhibition (1879) and president Agricultural Association 1881; was president of the Ottawa Colonization and Gatineau railways; declined to become a candidate for the mayoralty in 1882. Was first returned to parliament at the generl election in 1882.

Quite a stir has been caused in religious circles by the imposition of a poll tax at Vancouver, B.C., on Mrs. McKay, the Chinese wife of the Rev. Dr. McKay, the eminent Presbyterian missionary. The Deputy Minister of Commerce says he does not believe the story from Vancouver that a poll tax was charged on the wife of Missionary McKay. If such a tax was collected Mr. Parmslee says it was a mistake and should be refunded. The amended Chinese act provides that any woman of Chinese origin is married to a man not of Chinese origin is deemed to be of the same nationality as her husband. The act is clear on this point, the minister says, and should have avoided such a mistake as is reported.

Sir John Thompson, in his address at Southampton, Ont., signified his intention of extending the franchise to women on the same property qualifications as men.

Messrs. Foster and Angers, members of the Federal Cabinet, have begun a series of meetings in Manitoba. Thes will deliver addresses at all the important towns and will then proceed west holding meetings throughout the Territories and British Columbia. The principal object of these gentlemen in making a tour of this western country is to discuss the tariff, previous to the loping off of some of the mouldering branches.

Dalton McCarthy, the equal-righter, will address a mass meeting at Listowel on the 12th inst. Col. O'Brien and others in favor of McCarthy will also address the meeting. The people of Ontario are being well entertained by the different political leaders of the day.

It is now asserted that Sir Hensy Norman's opportunity to win glory or the reverse as the Viceroy of India was due to the great service he rendered M. Gladstone by "coaching" the G.O.M. during his first famous Midlothian campaign, against Lord Beaconsfield, and the Afghan War in 1879.

The St. John Sun says the late Sir A. Galt could "run" otherwise than in elections, and quotes from Fennings Taylor's sketches a story that "Aleck Galt" once made a bet and won, that he could walk twenty-five miled in five hours.

It is a significant fact that deposits in Canadian chartered banks were $4,000,000 higher in August, 1873, than in August, 1892. And there has been a whirlwind of financial disaster in the United States during the interval.

Sir John Thompson and several members of the cabinet misistry addressed over 3000 peeple at Durham. They were afterwards banquetted on a large scale, at which the ladies took an active part.

The Northern Pacific Railway is likely to go into liquidation. The Receivers have not enough funds to pay interest on second mortgage bonds.

George Robert Tyler has been elected Lord Mayor of London. He succeeds Sir Stuart Knill, whose term of office expires in November next.

It is now asserted that Sir Henry Norman's opportunity to win glory or the reverse as Viceroy of India was due to the great service he rendered Mr. Gladstone by "coaching" the G.O.M. during his first famous Midlothian campaign, against Lord Beaconsfield, and the Afghan war of 1879.

It is now stated that if every Conservative peer had refrained from voting during the recent memorable division in the House of Lords, the Home Rule Bill would have been still rejected. There were 108 peers on the negative side who had always been Liberals, and who had mostly been elevated to their positions by Mr. Gladstone himself.

One of the silver senators—Wolcott—now admits that he Repeal Bill will pass as soon as the talking is over Vice President Steven as Speaker of the Senate, has refused to employ any "gag," so that prssumably "discussion" will have to continue until the region over the Rocky Mountains is paved with Congressional records and flooded with free silver speeches.

MEETING OF PRESBYTERY.

The Presbytery of Regina met at Broadview on Wednesday, Sept. 13. There was a large attendance of members with whom sat, as corresponding member, Principal King, of Manitoba college.

Minutes of previous meetings read and sustained. Messrs. Robson, Campbell, Clay and Carmichael were appointed a committee to allocate the amounts required of the presbytery among the different congregations. Elders' commission in favor of Messrs. J. P. Anderson, Fitch [illegible] and John McLeod were read and added to the roll. Mr. Muirhead reported that he had moderated in a call at Moosomin which was in favor of Mr. J. A Reddon, B.A. The call was presented, signed by 93 communicants concurred in by 24 adherents. Mr. Anderson, representative of the congregation was heard in support of the call. It was agreed to receive and sustain the call, place it in Mr Reddon's hand and in the event of his acceptance to meet for his induction at Moosomin on Tuesday, Oct. 10th at 5 o'clock p.m. It was also decided that Mr Carmichael preside and address the minister, Mr. McKay the people and Mr. Muirhead preach. Mr. Welsh was appointed to represent the presbytery at the opening of the new church at Sintaluta on the 23rd inst. The convener of the H. M committee submitted his report for the half year when grants to the various mission fields were passed. On petition from Qu'Appelle that station was separated from Matheson's settlement and joined to two stations [illegible] to the south and Mr. W. S Moore asked to take charge for the ensuing six months. Mr. Matheson with a student helper was appointed to take charge of Balgonie, Matheson Settlement, Rose Plain and Loonpakton. Mr. J. A Cairns was appointed to [illegible] for six months. Further appointments were left with the convener of the H. M. committee. Mr. Ferry was appointed to take the the oversight of the [illegible] field. Messrs. Robson and Campbell and Matheson were appointed a committee on reception of catechists. Ministers adjacent to the mission field were requested to have the fields provide horses for the use of student missionaries. The convener of the committee on examination of students was requested to obtain discources from all students and authorize the clerk to certify them to the various colleges. The books of the H. M. Committee were audited for the first half of the year and found accurately kept. Mr. McKechnie was authorized to form a session at Loonpakton field. The Rev Dr. King on invitation of the Moderator, addressed the Presbytery on the work of Manitoba College. Thereupon the thanks of the Court were accorded Dr. King for his helpful presence and address and the continued prosperity of Manitoba College was gratefully acknowledged. In the discussion upon the temperance question the attention of the Court was directed to a movement on foot for the erection of a brewery at Regina when the resolution was unanimously agreed to: "That the presbytery views with grave apprehension the possible establishment of a brewery in Regina and would respectfully urge the members and adherents of the Presbyterian church to use their utmost endeavors to prevent the establishment, and to co-operate with others in seeking this end."

It was further agreed to request all ministers and missionaries to bring the subject of Temperance prominently before the people. After singing the 121st psalm the benediction was pronounced and and the Presbytery adjourned to meet at Indian Head on the second Wednesday of March next.

MANITOBA PORK INDUSTRY.

The *Farmers Advocate* says:—The Manitoba hog has now an opportunity to make for itself a name, to transform Winnipeg into a Chicago, and to lift the mortgage from the farm. May his contented grunt forever banish the dissatisfied squeal of the exclusive wheat grower.

—On the east bank of the Red River near the Louise Bridge, Messrs J. Y. Griffin & Co, have erected a large pork packing establishment, with a capacity of 1,00[illegible] per week, or between 25,000 or 30,000 during the killing season, with facilities for adding to the building whenever the supply of hogs warrants it. The building is 120x60 feet, three stories and a basement; the basement walls are of stone and the floor of concrete, while the superstructure is of brick. There is also a brick smoke-house, twenty feet square, three stories in height, attached. The upper stories are divided into the following departments:—On the first floor, boiler and engine room, tank, lard, and cold storage rooms, with doors leading into the smoke-house, and stairways leading to the floors above and below. On the second floor are the slaughter rooms, modelled after the most approved systems in use in the great packing houses of Chicago. The hogs are driven up a chute from the yards below, and as they pass into the building they are shackled, strung up, stuck, dumped into the scalding tanks; then unto the scraping tables, gambrel sticks put in, and they are then hung on a track, opened, cleaned and washed, passed on the track and switched into the chill rooms, which are situated in the centre of the flat; after becoming thoroughly dried and chilled, then are run along the chopping blocks, be cut up and run into the salting rooms, and the trimmings, head, feet, etc., are conveyed into the large rendering vats, the grease run off for the soap works, and the refuse disposed of.

In rendering the lard quite an elaborate process of drying, purifying and cooling is gone through, and a first class article is produced. The cold storage system is most perfect, and every floor is thoroughly drained and the best system of ventilation provided. A capital idea of the building can be had by reference to our illustration of the factory in this issue the building to the left being the large ice house. The property comprises about five acres of ground, and the C. P. R. have built a switch to the factory.

This great Western country, from Lake Superior to the Pacific, presents an almost unlimited market for pork. We have now a factory now ready to handle a large number of hogs, and it remains for the farmer to supply the raw material. We are now importing large quantities of ham and bacon from the East—bacon retailing at twenty-two cents a pound in Winnipeg to-day. One bushel of wheat will make fifteen pounds of pork. We pay the railroads twenty five to thirty cents per bushel to draw our wheat to market, and pay them two cents a pound to bring the bacon and hams back to us, besides paying the Eastern farmers for feeding the hog, and all the long string of commission men. But just take your pencil and figure the hog business out.

HOW THE COUNCIL AWARD CONTRACTS.

To the Editor of the Times,

Sir.—I address you in this issue of your paper in reference to the Vault Door tenders.

On August 14th tenders were called for and received for the Vault Doors required for our town hall. It so happened that mine was the only tender put in. It was received, opened and contents made public, (some member of the Council remarked, "where is Woodman's tender? I understood he was tendering on these doors." My tender was referred to the Works committee to report at next meeting which Doors of the three I tendered on it would be advisable to accept. At this meeting this committee appeared with a tender put in to them by Mr. H. Woodman and dated Aug. 16th (two days after mine had been made public.) and they had this barefaced dishonorable advise to give, "That Woodman's tender be accepted."

Some more reasonable members objected to such dirty work and moved that new tenders be called for, which was agreed to. Now, Sir, one would suppose that I would have been notified what had been done; but no. I knew nothing whatever until 4 p.m. of Sept. 4th, and tenders had to be in by 6 p.m. of that day I find that a notice was stuck up in the Post Office, signed by Councillor Kerr, and you had to hunt him up for information. This gentleman, having no office or stationary place of abode in the town during business hours, it was now too late for me to attempt hunting him up (besides the Council held my catalogues and price lists.) I was therefore unable—at such an hour—to put in a new tender; all I could do was to stand by my original tender, which I did, and I asked Councillor Baker to so inform the Council. When they met on this evening they had a new tender from Mr. Woodman, which was—strange to say—higher than his previous one.

My original tender was in their possession, but it was not considered as being in order, therefore Mr. Woodman was awarded the contract at $119.75 for each door, against a better door put in by myself at $112, and made by the well-known safe firm of J. & J. Taylor of Toronto.

The vote in this instance was exactly the same as on the furnace question.

This was a dead set at myself with a vengence, but I let it pass for what it was worth and trust the next years work-committee of our Council will be composed of men true to the interests of our town and who will, if work is to done, call for tenders in a straightforward business manner and not truck their tenders around the town or post their notices up in offices, men who will be reasonable and do justice to whom justice is due and who will not allow themselves to be carried away by the doctrines which at times fly round this town and who will at all times give ratepayers full value for money intrusted into their hands.

I remain, Sir,
youre respectfully,
T. J. AGNEW.

$50 A YEAR FOR LIFE.

Substantial Rewards for These Whose Answers are Correct.

A man once entered a prison where was confined a condemned criminal. On making a request to be conducted into the presence of the doomed man, the visitor was informed that none but relatives were allowed to see the prisoner. The visitor, said: "Brothers and sisters have I none but that man's (the prisoner) father is my father's son."

He was at once taken to the visitor. Now, what relation was the prisoner to be visitor?

The Agriculturist Publishing Company will give $50 a year for life to the first person sending the first correct answer; $500 to the second; 3rd $250; 4th $100; 5th $50, and over 10,000 other rewards, consisting of Pianos, Organs, Ladies and gents gold and silver watches, silver services, diamond rings, etc.

To the person sending the last correct answer will be given a high toned piano, to the next to the last a beautiful organ, and the next 5,000 will receive valuable prizes of silverware, etc.

RULES.—(1) All answers must be sent by mail and bear postage mark not later than Dec. 21, 1893. (2) There will be no charge whatever to enter this competition, but all who compete are expected to send one dollar for six months subscription, to the Ladies Home Magazine or the Canadian Agriculturist—two of the choicest periodicals of the day. (3) All prize winners will be expected to assist us in extending our circulation. (4) The first correct answer received (sender's postmark taken in all cases as date of receipt, so as to give everyone an equal chance, no matter where he or she may reside), will secure the first prize; the second the next prize, and so on.

The Agriculturist is an old established concern, and professes ample means to enable it to carry out all its promises. (Send for printed list of former prize winders.)

Judges.—The following well known gentlemen have consented to act as judges and will see that the prizes are fairly awarded: Commodore Calcutt, (proprietor of Calcutt Line of Steamers,) Peterborough, and Mr. W. Robertson, President Times Printing Company, Peterborough. Register all money letters Address, Agriculturist Publishing Company, (L'td), Peterborough, Canada.

In the interests of those parties who would like to visit the Chicago Worlds Fair but are unable to do so on account of the rush of business and the many exigencies attending the harvesting of our large crop we have been successful in getting the principal duplicate part of the grand agricultural exhibit brought to Prince Albert. To demonstrate this fact we have on view and in working order in our spacious show rooms,

The McCormick Binder, A Machine of Steel,

Which beats the world's record in the field and which we unhesitatingly recommend to be the lightest draft of all the many self binding harvesters.

Its durability and capacity have never been questioned. It is the King of machines and proudly floats the banner, "The Best in the World."

THE M'CORMICK NO. 4 STEEL MOWER.

This machine is also on view and is the wonder of the age and needs no comment. [illegible] say it stands on its own merits, and in words of the immortal Shakespeare, we simply say. "It is advertised by its loving friends."

Do not miss this chance of seeing our grand exhibit.

A Wagon Load Of Money

does not necessarily imply content and happiness on the part of its possessor. It is not money that gives us pleasure, but the things that money will buy.

Some people spend money foolishly, and fancy they find enjoyment in doing it, but the pleasure is more fancied than real. No man who buys

The McCormick No. 4 Steel Mower

can ever be accused of spending money foolishly, and he'll find a hundred reasons to convince him of his wisdom.

We are building the No. 4 to meet the demand for a really superior mower, one that embodies the prime requisites of durability, convenience and light draft.

You'll like this mower; not merely because thousands of other farmers like it, but because it is a really likeable machine. If you are going to buy a mower you ought to see the No. 4.

How many persons know that Ripans Tabules, now so largely advertised and used, are simply the favorite prescription of their family doctor prepared in a scientific manner and a form convenient for handling, conveyance, preservation and use? In the great hospitals of the metropolitan cities, where the wealthy find better care than in their own luxurious homes, the ingredients of Ripans Tabules are administered to thousands of rich and poor alike with beneficial effect. They are the main dependance of the most eminent physicians in cases of derangement of the digestive organs, such as dyspepsia, constipation, billiousness and other ills connected with the stomach, liver and bowels. For some years one of the principal hospitals in New York City has used a formula, differing slightly from the common one, that has been found of unusual efficacy. Through the commendations of physicians its mission of healing has been so widely and rapidly extending that it finally seemed desirable to prepare the prescriptions in a convenient form, so as to make it available to the whole public at a moderate price, and to announce the fact through the recognized medium for securing publicity—advertisements in the columns of the newspapers of the land. This has been done, and now the time is not far distant when every family of intelligence will be as certain to possess a supply of Ripans Tabules as a clock or a cooking stove. They are already to be found on sale almost everywhere, and any druggist or dealer will supply them. A box, containing six vials is sold for 75 cents, and a gross package, containing four boxes, for $2. They will be sent by mail, post paid, to any address, on receipt of price, by the Ripans Chemical Company, No. 1[illegible] Spruce St., New York.

A special article on Dinner and Evening Gowns will be appreciated at this time, as will also two menus for a thanksgiving dinner. The Tennis article treats of Mixed Doubles and Tournaments. There is a well written paper on Children's Associates, and an original Fancy-Dress Drill for an equal number of boys and girls. An article valuable to the housewife for its suggestiveness is called A Winter Come-on, and the second instalment of Household Renovation deals with walls and floors. Around the Tea Table treats of current fancies, the Floral article for the month is on the culture of Lilies, and entertainment for autumn days and relaxation for the longer evenings is provided in A Harvest Home and A Geography Parties. In addition there is continued instruction in Netting, Knitting, Crocheting, Lace-making, etc., etc. This magazine should be in the hands of every housekeeper. One year's subscription, One Dollar; Single Copies, 15 cent. Address orders to The Delineator Rublishing Co., (Ltd.), 33Richmond St, West, Toronto.

KIRKPATRICK.

One of those events which usually occur about once in a life time took place on Wednesday, September 27th. The groom was Mr. David Anderson and the bride Miss Fiddler.

On the 24th Sept. Mrs. Robbins, of Orillia, Ont., set out on her return home after paying but pleasant visit to Mrs. Gilmore.

The dog and gun may often be seen here nowadays. Judging by the sharp rolling sounds, there is a free use of powder. Something must be seen even when the lads 'have got their guns.'

The frost has found where some of the potatoes and have softened some of them.

Haying and harvesting are about done here.

Everybody seemed pleased to welcome the return of warm weather.

A number of the young people are, or have been suffering from the quinzie.

"SIX MONTHS IN HADES,"

A truly marvelleous tale of to-day.

$1,000 PRIZE NOVEL

IN GREAT

SUMMER NUMBER (8)

OF

TALES FROM TOWN TOPICS.

JUST OUT.

In addition to the prize story of 150 pages there are fifty racy short stories, sketches, poems and witticisms from the old issues of "Town Topics," that famous and spicy New York journal known wherever English is read. No book published this year will afford such delicious entertainment for hours of summer leisure and travel.

What *"The Independent"* says:—"Once again New York's fashionable society quarterly volume, 'Tales from Town Topics,' has made its appearance. The tales are spicy and the topics inexhaustible. Some of the tales skirt along the very edge of danger, but a firm hand holds them back within the bounds of a wholesome sense of propriety."

All news and books stands or send price, 50 cents, to TOWN TOPICS, 21 West 23d Street New York.

$1 pays three months trial subscription to Town Topics and you will get any back number of Tales from Town Topics free.

Town Topics $4 per year.

Liberal club offer: Town Topics and "Tales From Town Topics," will both be sent one year for $5.

Town Topics, the great 32 page weekly, is universally recognized as the most complete weekly journal in the world.

Its "Saunterings" columns are inimitable. Its society news, especially of the doings of the 400 of New York, Boston, Philadelphia, Chicago, and all over the world, is not equalled by any newspaper. Its Financial Department is authority with all bankers and brokers. Its "Afield and Afloat" makes it the most interesting paper for all lovers of sport—yachting, foot ball, rowing, shooting, fishing, etc. Its "On the Turf" excels all other racing notes. Its burlesques, poems and jokes are the cleverest. Its stories are by the best writers—among them Amelie Rives, F. Marion Crawford, Julian Hawthorne, Edgar Fawcett, Jerome K. Jerome Gilbert Parker, Mary J. Hawker ("Lanoe Falconer"), Barry Pain, Paul Bourget, etc., etc., etc.
